

VOLUNTEERING CONDITIONS

Being a volunteer at EFCC

There are around 6 to 8 volunteers working for EFCC. They take care of the children (transportation, assisting with meals, organizing sports and manual activities). They also work towards the development of the NGO carrying various tasks:

- Communications and marketing;
- Fundraising and looking for partnerships;
- Accounting;
- Photography and video editing.

How to apply

- Send us your resume and a cover letter;
- Send us the questionnaire attached;
- If your application retains our attention, we will set up a Skype interview with one of the founders, followed by another Skype with the volunteer coordinator. The final decision will be communicated in the following days.

Our conditions

- Volunteers' missions are for a length of minimum 2 months;
- Volunteers need to have a good level in English - French is an asset;
- You need to provide proof that no criminal charges are held against you;
- And most importantly, you need a lot of motivation!
- Finally, volunteers give a contribution of 450€ per month (tax deductible in France). A part of this sum covers housing (rent, Internet, water, etc.), two meals a day, transportation from the airport to the volunteer's house. The rest is allocated to the NGO's various projects. As a young NGO, we rely on volunteers' contributions to function on a daily basis. You work for the NGO, but you also help finance its development. Because we are a transparent NGO, we provide accounts upon request. The founders and volunteers receive no salary or compensation of any kind for their work.
